Hello Ron:

Thank you for your sending me the sampling plan for the imported soils. In response to your previous message concerning the duplicate samples, one duplicate samples should be collected. I believe that our criteria for duplicate samples is either 1 duplicate for every 1 to 10 or 1 to 20 samples that are collected. I will review the plan that you just sent me and will get back to you early next week.

Thank you for your courtesies and have a great evening.

Sincerely,  
Carmen

Carmen – as requested the sampling plan for soil to be imported to the site for use in the landscaped areas is attached. This version of the sampling plan takes into account your comments transmitted on June 22, 2011. We will provide the analytical results for the samples as they become available. Currently, the sampling is NOT scheduled. Please contact me should you have any questions or need any more information.

Ron.
